- 1) Fletcher/Brady
- 2) John/Amanda
- 3) Alex/
- 4) Mike/Caitlin
- 5) Patrick/Darby

### Lasers:

- 3) Scott Houck

## AYC Annual Regatta

Wednesday, July 8 was the second of three days of racing in the Annapolis area. The day started with a nice breeze around seven knots. After a brief skippers meeting, the sailors headed out to the three courses. The PROs for the day were Chip Thayer, Geoff Stagg, and Amy Kehoe.

51 Red, White, and Blue fleeter headed to the Opti Championship course and completed four races during the day in moderate breeze. 30 420s and 27 Laser Radials had a little less wind, and were able to complete four races. The 16 Green Fleeters had the best breeze of the day, and managed to complete six races. After a great day of racing, the sailors came back to AYC, and enjoyed some ice cream while receiving awards.

## Family Sail and BBQ July 21

July 21 is the next family sail and BBQ. Let your kids show off their sailing skills. The sailing starts at 6:00 pm, and there will be food to follow. The cost is \$5 per person, and please RSVP if you are planning to attend.

## Session 3 Is Off to a Great Start

Session 3 started on Monday with many new faces, and a few returning faces. The new sailors are doing their capsized tests and learning the parts of the boat. The returning sailors have learned so much this summer that they are moving to more challenging classes. We have new kids in Green Fleet and Development Team sailing in their first regattas this week.
