- July 13** – Session 3 Begins

## Family Sail and BBQ Tuesday Night

Tuesday night is the first of 4 Family Sail and BBQ. Come to the Annex at 6 pm on Tuesday for some sailing, hot dogs, and hamburgers. This is a chance for your children to show you what they have learned so far at AYC. You will be able to take out

Optis and 420s out in the harbor. There will be instructors out on the water for safety.

The cost is \$5 per person, and will include hamburgers, hot dogs, and soda. Please RSVP so we know how many to expect.

## Pictures of the Program

We are taking a copious number of photos of the Summer Program, and we have posted them online for everyone to see. If you have photos that you would like to me post, please email them to me.

## First Week of Classes

Here at AYC we had a wonderful first week of sailing. All of the sailors were eager to get out on the water and put their sails up for the first time. The Creek Critters kayaked and learned how to steer an Opti. The Sea Squirts and Beginners all had their sails up throughout the week and are learning how to sail upwind.

The Intermediate Classes went sailing everyday of the week, and are getting faster every day. The race teams have already headed to their first events. The 420s went to a clinic in Newport, RI, and the Optis raced at Tred Avon this weekend.

Everybody is looking forward to a great second week. The weather looks like it is better for sailing than last week.
