### JAM MEMBERSHIP

#### Who can participate?

Participation in the Annapolis Yacht Club's Junior Fleet is open to anyone who is interested; however, children between the ages of seven (7) and eighteen (18) who are not children of AYC members must apply for Junior Associate Membership (JAM).

#### What is a Junior Associate Member?

Any person between the ages of seven (7) and eighteen (18) of good character and reputation who desires to participate in AYC's Junior Fleet Program is eligible for Junior Associate Membership. The Junior Fleet Committee will approve the membership application. The process typically takes about three weeks from submitting an application online until the new JAM receives information by mail. The term of membership shall be through the end of the calendar year.

#### How do you become a JAM?

Please review terms and benefits, and submit an online application at [www.annapolisyc.org/JAM](http://www.annapolisyc.org/JAM).

### OUR MISSION

To provide a fun and educational program for youth interested in sailing and racing. We seek to impart a love of sailing as a life sport while providing the fundamental skills necessary for participants to advance in the sport of sailing as far as their desire, skill, and hard work may take them.

#### Safety & Discipline

- Sailors must pass swim check on first day.
- If in a dinghy sailing program, sailors will learn how to right a capsized boat.
- USCG approved life jackets and closed-toe shoes are required for all sailors.
- Sailors and parents must sign and read the Code of Conduct during the registration process.
- Understand that disciplinary action may be taken if your child misbehaves (this can include suspension or dismissal from the program without a refund).

#### Boat Ownership Policy

- *Optimist Chesapeake Race Team & 420 Chesapeake Race Team*: recommended
- *Optimist, Laser & 420 Race Team*: required
- *Charters*: For those who do not own a boat, a limited number of Optimist and 420 dinghies are available for charter. Visit the website for more details.
