

Varsity Team Race @ Severn

March 23, 2013

Magothy Marina

Regatta Highlights: Saturday morning brought COLD temperatures but otherwise excellent conditions for the first MDSA Team Race Regatta of the season. NW winds ranged from 5-15 kts with a couple of bigger puffs that sent people swimming. Significant shifts made for interesting starting conditions as well as the need to reset the course a couple times throughout the day, but in the end we were able to complete two full round robins of the six teams in attendance.

A big *¡GRACIAS!* to Tom Sitzmann on the finish boat, Keith and Connor Merryman for helping with mark set, and Conner Killham for dealing with several breakdowns to keep the fleet up and running, last weekend and always. Also thanks to AYC/SSA coaches for maintaining order on shore, to all the Severn sailors and parents who stood by to help organize the event, and to Magothy Marina for allowing us to host our first regatta in my time here.
